Dear Doreen,

I am writing to thank you for the £448 received in remembrance of your dear husband John.

We as a charity and both Mark and I have been treated and supported so well through several years by the Sporting Bears where so many dozens of happy memories have been made for very poorly children and their families. This donation will allow us to continue with that work.

We remember John with fondness from our memory making days at the NEC, and I send from me and on behalf of our families and me&dee, very kindest regards and care.

Fondest regards

Maria Hanson MBE
