

31 May 2021

Dear Caroline

Thank you for your generous donation of £1,000 from The Sporting Bears Motor Club towards the work of the Butterfly Trust. Without people's ongoing support we wouldn't be able to provide the support and services that we currently offer to people living with Cystic Fibrosis.

Life for people with Cystic Fibrosis has improved over recent years due to improvements in care and the treatment available to them. However, there is still no cure for the condition and people live daily with the huge demands of an intensive daily treatment regime designed to slow the progression of chronic lung disease. We recognise that having someone in the family with the condition creates extra pressures in terms of time, physical and emotional stress as well as strain on family budgets.

The Butterfly Trust was established in 2002 to provide face to face support to people affected by Cystic Fibrosis throughout Scotland. Our services were set up to give the Cystic Fibrosis community of Scotland much needed social support in areas such as Disability related benefits, housing, employment and education.

Now in 2021 we are the leading provider of social support for people living with Cystic Fibrosis in Scotland. Our services have evolved in the last 19 years to include designated support for children and young people through our befriending support and our mentoring service which provides support for young adults helping them in areas such as independent living. We continue to provide Massage Therapy to adults while they are in hospital which is now available in Edinburgh, Glasgow, Dundee and Aberdeen.

Without generous donations like yours, we would not be able to provide such a broad range of support to Scotland Cystic Fibrosis community and with your continued support we can not only continue these services but grow to provide support in other essential areas which we are unable to currently provide.

Thank you once again for your generous donation and support of the Butterfly Trust. If you or anyone you know are organising any events or fundraising for the Butterfly Trust please remember that our very friendly and enthusiastic Fundraising Team are here to support you. We will endeavour to provide you with all the materials, support and advice to make your fundraising for Cystic Fibrosis as successful as possible.

Yours sincerely

**Richard Cruickshanks**
